

PRESS RELEASE

2,325 years of business partnerships: profine paying tribute to 64 customer companies at Fensterbau Frontale trade show

During a big jubilee party at the Fensterbau Frontale trade show, Dr. Peter Mrosik, owner and CEO of profine, personally thanked the representatives of 64 customer companies with a total of 2,325 years of partnership for their loyalty to their systems supplier.

"In our fast moving times, long-term relationships to a business partner are rather the exception than the rule. We really do appreciate this trust put in our company. Because our customers are the ones who make us what we are", emphasized Dr. Peter Mrosik during his speech at the profine stand in Nuremberg.

The invitation list for the anniversary celebration comprised manufacturers which had been business partners of one of the profine brands – KBE, Kömmerling or Trocal – for at least 25 years. 44 customers from Germany had come and in total 20 companies from abroad.

profine said thank you to 20 customers for being their partners for 25 years and to 16 companies for 30 to 40 years. 28 companies were honoured for 45 years of business partnership with profine.

"Your close bond to our company is extremely precious and an enormous honour for me personally", Dr. Mrosik said to his guests. "It makes me very proud that you have let profine go along with you for this time, and I'm looking forward with great pleasure and expectation to many more years of common success stories".
