DC1 = ex stock

DC3 = delivery within 15 working days ex works without surcharge on laminate price

DC4 = delivery within 20 working days ex works with 25% surcharge on laminate price

DC5 = proEnergyTec profiles, price conditions as colour delivery class, delivery within 30 working days

DC6 = colours other than the profine colours on request

\* = Profiles are delivered with white protection foil without imprint.

\*\* = Black brown with KBE 70 CL/EL = Chocolate brown (RAL 8017).

## BiColor = DC4

geometry and colours available as standard. The base element colour is treated analogously to the "colour programme" for laminates on both sides according to inner colour.

## Inside-laminated = DC4

geometry and colours available as standard.

**Base element colours laminated on the inside only:** White or Cream (system-dependent). Black brown or Olive brown when aluminium covers used on outside.

**Please note: Inside-laminated profiles on Black brown and Olive brown base element may be used only WITH aluminium covers!**

Base element colour laminated both sides; see colour programme  
Base element colour laminated on the outside only; White and Cream (system-dependent). Different base element colour in DC3 and DC4

  = single-sided laminate  
  = laminate on both side

\* = Profiles are delivered with white protection foil without imprint.

\*\* = Black brown with KBE 70 CL/EL = Chocolate brown (RAL8017).

## BiColor = DC4

geometry and colours available as standard. The base element colour is treated analogously to the "colour programme" for laminates on both sides according to inner colour.

## Inside-laminated = DC4

geometry and colours available as standard.

**Base element colours laminated on the inside only:** White or Cream (system-dependent). Black brown or Olive brown when aluminium covers used on outside.

**Please note: Inside-laminated profiles on Black brown and Olive brown base element may be used only WITH aluminium covers!**

Base element colour laminated both sides: see colour programme  
Base element colour laminated on the outside only: White and Cream (system-dependent). Different base element colour in DC3 and DC4

  = single-sided laminate  
  = laminate on both side
